

# MARGIT VALENTIN

“Design is my passion”. I have a Bachelor of Design degree with a major in Communication Design. I have design focused problem-solving skills and incorporate them into visual design languages. I know how to translate the colours and forms to aesthetic appeal. I love interior design, so I created a special milieu in our home that everybody admires when they visited us. I have secretarial qualifications therefore I can confidently multi-task with different media platforms. I am a Leo Zodiac, so I am a patient active listener and collaborate with others.

## JOB: GRAPHIC DESIGNER
